Creamy Acres Farm

“Butterfly Barrel” and “Recyclable Container”

Garden Show

May 22, 2010

The themes for the Flowering Container Competition will be “Butterfly Barrel” or “Recyclable Container” and the finished container can be anything in which the plants can grow successfully (ie have free drainage, etc). The filled container must be freestanding and reasonably portable in order that it can be moved to the show area site without the use of machinery (such as a fork-lift) therefore a stone trough might not be appropriate! Innovative, home-made or recycled containers will be looked upon very favorably.

The Butterfly Barrel entry should include flowers that will attract butterflies, moths and beneficial insects. The most attractive scheme with plenty of native and other species to attract the “good bugs” and butterflies will receive the most points (there are many lists on the Internet of such plants). Contestants may also contact Creamy Acres for our availability of “good bug” attracting plants. As the show is early in the season you can include certain flowers and grasses, even if they are not at maximum flowering point.

An accompanying board showing work by the designers – for example drawings of “good bugs” and butterflies or other related pictures or notes – may also be part of the display, but this is not essential.

The Beautiful Recyclable entry can include any type of flower (annuals and/or perennials), herbs and grasses. These entries will be judged on creativity and originality. Examples of recyclable containers would be an old chair, a used tire or broken drainpipe uniquely turned into a container.

Application must be submitted by May 15, 2010. All containers must be delivered/displayed at the show no later than 4pm on Friday, May 21, 2010. **COMPLETED ENTRIES SHOULD BE EMAILED TO KIM@CREAMYACRES.COM OR FAXED TO 856-223-0920.**
